

## LEOPARD UNION:

The purpose of our club is to unify the workers and students at Dubai American Academy through sports and other collaborative activities. All the members of the club join the workers of Dubai American Academy, by playing either soccer, cricket or other activities on the DAA fields. Additionally, we also plan to have track events, such as races, on the same day. All members of the club will bring in food and drinks for the workers for the day, resulting in the members and the workers eating together. The activities stated above, are mainly for the male workers, however we also plan to initiate activities for the female workers such as creative days in Art Room. We would do monthly alternations, in terms of events, between the male and female workers.
